The Connecticut Line CTSSAR is the Revolutionary War Living History/Color Guard Unit of The Connecticut Society of the Sons of the American Revolution.

Mission Statement

The Sons of the American Revolution honors our Revolutionary War patriot ancestors by promoting patriotism, serving our communities, and educating and inspiring future generations about the founding principles of our country.

About the America 250 Projects of the Sons of the American Revolution

The America 250 SAR Project Committee members work on the national, state, and local levels to promote the commemoration of the 250th Anniversary of the American Revolution and the establishment of the United States. It designs commemorative merchandise and SAR member insignia for the anniversary. This committee publicizes the anniversary using media, education, and government contacts. The 250th Anniversary Committee helps develop educational programs and booklets relating to the American Revolution, encourages the internationally focused SAR societies (including the Canada SAR, France SAR, Germany SAR, International SAR, Mexico SAR, Spain SAR, Switzerland SAR, and United Kingdom SAR) to plan special Congresses during the celebrations, and works with other SAR committees to coordinate celebration of the 250th anniversary.

For more information on the America 250 SAR project please visit: [America 250 SAR](#)
